

'DÉDALO 25' BEGAN THE FIRST PHASE OF ITS DEPLOYMENT IN THE MEDITERRANEAN AND AEGEAN SEAS

INTERNATIONAL MILITARY AGENDA

STEADFAST DART 25, NATO'S LARGEST ANNUAL EXERCISE, FINISHED WITH SIGNIFICANT SPANISH INVOLVEMENT

Between 10 and 21 February, the different multinational components - with a prominent Spanish presence - demonstrated the readiness and integration of the forces of the Alliance nations in a multinational and joint operation.

The deployment, operational activities and training were conducted in Bulgaria, Romania and Greece.

THE JOINT CYBERSPACE COMMAND INAUGURATES THE 'CYBER SECURITY SUMMIT 2025'

The Cyber Security Summit 2025 started under the heading 'Protecting the Present and Future: Innovation in Security Operations, AI and Cloud'.

The Cyber Security Summit Spain 2025 provided a space for industry leaders and experts to explore and discuss cutting edge technologies being applied in the field.

PERSISTENT EFFORT ROMANIA

PAZNIC' DETACHMENT IN ROMANIA INCORPORATED ONE A400 AIRCRAFT

The Tactical Air Detachment (DAT) 'Paznic' - based at Mihail Kogalniceanu Air Base, Romania, as part of NATO's 'Persistent Effort' operation received an A400 aircraft from 'Ala 31' with in-flight refuelling capability.

The participation of Spanish air assets in NATO's eastern flank deterrence and defence missions illustrates the strong commitment of the Spanish Armed Forces to international peace and security.

OIR IRAQ

SPANISH SPECIAL FORCES CELEBRATED A DECADE OF TRAINING IRAQI UNITS AGAINST DAESH

The Special Operations Task Group (SOTG) of the Spanish Armed Forces in Iraq celebrated a decade of ongoing presence as part of the International Coalition against Daesh, within the framework of Operation Inherent Resolve (OIR).

During this time, the SOTG has established itself as a key element of the international response in support of the Iraqi Government.

PERSISTENT EFFORT TÜRKIYE

TENTH ANNIVERSARY OF THE SPANISH ARMED FORCES IN THE NATO OPERATION IN SUPPORT OF TÜRKIYE

The Spanish contingent deployed in the NATO Operation in Support of Türkiye (A/T), with the Patriot anti-aircraft Artillery Battery, celebrated the tenth anniversary of their ongoing presence in this mission with a military event at Incirlik Air Base.

Spanish troops joined the NATO mission in Türkiye in January 2015.

EUNAVFOR ATALANTA

THE FRIGATES F81 'SANTA MARÍA' AND F84 'REINA SOFÍA' TAKE OVER IN OPERATION EUNAVFOR 'ATALANTA'.

Operation Atalanta's frigates and Force Commander celebrated the handover ceremony in the port of Djibouti. The frigate 'Reina Sofia' took over from the 'Santa Maria' and Italian Rear Admiral Davide Da Pozzo assumes command of the 49th rotation.

As a sign of our commitment to security in the region, Spain has been the only European Union country to have participated uninterruptedly in 'Operation Atalanta' since its inception 16 years ago.

EUMAM UA

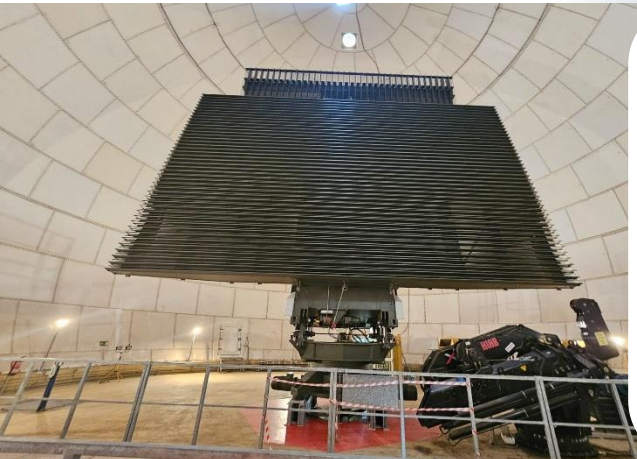

PORTUGUESE SOLDIERS TAKE PART IN EU MISSION IN SPAIN TO SUPPORT THE UKRAINIAN ARMED FORCES

Within the framework of the European Union Military Assistance Mission in Support of Ukraine (EUMAM UA), the Combat Training Unit of Toledo welcomes, for the second time since the beginning of the mission, the participation of a group of instructors from the Portuguese Army.

This was a new opportunity to promote the exchange of experiences and knowledge in combat tactics and techniques between the Ukrainian, Portuguese and Spanish armies.

PRESENCE, SURVEILLANCE AND DETERRENCE OPERATIONS

THE RADAR 'LANZA 3D-LRR' COMPLETES 100 DAYS OF OPERATION

The LANZA 3D-LRR, manufactured in Spain, stands out for its ability to detect low-section targets, such as drones and stealth aircraft, a crucial advantage against modern aerial threats. It also improves integration with different systems, an important step towards strengthening national security and defence.

UNIFIL

SPANISH PEACEKEEPERS REMOVE MAJOR ROAD OBSTACLES NEAR KHIAM

Working in collaboration with the Lebanese Armed Forces (LAF), UNIFIL Spanish peacekeepers cleared three major obstacles on the road near Kham, south-eastern Lebanon, earlier this week.

This operation saw the mobilization of specialized units – including protection vehicles, a terrain reconnaissance team and a machinery team equipped with a backhoe.
